Robarts Library has some of the rarest movies, TV shows, experimental films and other media in the world. I’ve borrowed videos for classes as well as for pleasure and watched movies in the new theatres to get their full experience.”

Ammar Ijaz, Psychology Student, Hart House Employee, Multi-Media Maven
“Between classes, you can find me studying by a window on the 13th floor of Robarts Library. The serene atmosphere and magnificent view of the city are perfect for staying focused for long hours.”
